

HTO 85

THE 85 SERIES AIR HAMMER

The 85 Series Air Hammer from HONSA establishes a new level of Power, Productivity and Ergonomics. HONSA is known for high quality, vibration reduction and ergonomically focused tools. The 85 series tools are a new breed of high powered and versatile tools. The 85 is *in a Class by itself*.

If you need a tool to drive Aluminum and Large Stainless Steel rivets, the HONSA 85 is the tool. With the variable air regulator you can increase the power to drive those tough rivets faster. Or, if you are cutting through metal panels the 85 cuts faster than any other hammer on the market.

You can choose three different handle styles. Offset, Goosneck or Inline. The chisel bushing sizes offered are .401", .498" and .432" Hex Shank.

- **Hard Hitting**
- **Vibration Reduced**
- **Best "Power-To-Weight" Ratio**
- **Increased Productivity**

APPLICATIONS:

STAINLESS STEEL RIVETS

ALUMINUM RIVETS

CUTTING SHEET METAL

ALL PURPOSE HAMMER
