ASSEMBLY TOOLS

CUT YOUR ASSEMBLY TIME
BY 75%

ARE YOU STILL SWINGING HAMMERS?

Swinging hammers ranks as the third leading cause of injury in the manufacturing of metal products. Improve your assembly productivity and protect your workers from injury and long-term health problems with Honsa® Apollo Assembly Tools.

CUT YOUR ASSEMBLY TIME BY 75%

For 30 years, leading manufacturers have trusted Honsa® Apollo Assembly Tools for installing a wide variety of pins, dowels, shafts, plugs, axles, bearings, bushings and similar parts — as small as an 1/8 inch pin or as large as an 88 pound pin.

Through our experience, state of the art engineering, use of superior materials and proprietary heat treating, Honsa solutions are engineered to complete an assembly in 3 seconds or less. Our pioneered "non-mar" drivers protect product surfaces.

HONSA® APOLLO ASSEMBLY TOOLS
