

HONSA®

DISCOVERY

SWIVEL

COMFORT WITHOUT COMPROMISE

With our high-quality Honsa® Discovery Swivel in hand, we help operators improve efficiency, ergonomics, safety and morale, while putting an end to frustrations related to fighting air lines and wrestling tools into position.

COMMITTED TO YOUR PRODUCTIVITY, WHILE GIVING YOU TOTAL FREEDOM OF MOVEMENT.

Available in 1/4", 3/8" and 1/2" NPT sizes, the Honsa® Discovery Swivel for your pneumatic tool's 360-degree range of motion allows for tangle-free efficiency and total freedom of movement, while reducing operator shoulder, wrist and elbow fatigue.

HONSA® DISCOVERY SWIVEL

Product Highlights

- 360-DEGREE CONTINUOUS MOTION, REGARDLESS OF THE RIGIDNESS OF YOUR EXISTING AIR LINES
- TANGLE-FREE EFFICIENCY
- REDUCES FATIGUE
- DESIGNED FOR INDUSTRIAL ENVIRONMENTS
- REDUCES TIME REQUIRED TO POSITION TOOL
- EASY TO INSTALL
- MAINTENANCE FREE
- TYPICALLY OUTLAST THE LIFE OF YOUR FAVORITE TOOL

"When we started using Honsa® swivels on our assembly lines a few years ago, operators instantly recognized how their existing tools were becoming easier to position. Not only were the swivels easy to install, they provided improved productivity and helped our operators to become more efficient. Twists, kinks and fighting the air hose are now things of the past, thanks to Honsa®. The swivels have been a great continuous improvement project and have quickly provided a return on investment."

– David K., Manufacturing Engineer
